

SIX iD Compliance

A Solution to Your Complex Sanctions and Regulatory Challenges

The financial industry faces growing complexity as new and existing laws, regulations and industry standards are continuously evolving and driving the need for robust data-driven compliance solutions.

SIX iD Compliance delivers high-quality regulatory and tax data, covering over 90 global regulations, to help you navigate these demands with ease.

Built on trusted and long-standing data expertise from SIX, this off the-shelf solution ensures consistency and accuracy across regulatory and tax classifications, helping

you to stay up-to-date with accurate regulatory and tax data meeting stringent regulatory obligations supporting compliance processes, monitoring and reporting standards.

Turn compliance data into a strategic asset and create a solid foundation for compliance in an increasingly complex regulatory landscape with **SIX iD Compliance**.
