

Main Street Data

## Main Street Data KPI Metric Dataset

**Overview:** TipRanks & Main Street Data's KPI database includes thousands of company-specific operating metrics for fundamental investors. Examples include metrics such as Tesla Vehicles Delivered by Model and Nvidia Operating Income by Segment. This data is essential to both retail and institutional investors hoping to gain insights into business quality and perform valuations.

### Features:

- 5,000+ individual metrics totaling over 150,000 data points
- 800+ companies covered
- Data is sourced directly from company annual/quarterly reports, earnings calls, company IR and events presentations.
- Year-over-year growth and percentage of revenue metrics also available
- 5-7 years of historical coverage on average (some longer for specific KPIs)
- High priority companies updated with an hour of release, others within 24 hours
- Available in quarterly, annual, and TTM formats
- Delivery available through FTP or API

### Data Dictionary:

Column	Type	Description
Date	Date	The reporting date for the KPI data, typically the end of a fiscal quarter (e.g., 2025-03-31).
Ticker	String	The stock ticker symbol representing the company (other identifiers can be added per request)
Value	Integer	The number the KPI data pertains to
MetricName	String	Specifies the KPI the data pertains to (e.g. Tesla Model 3 and Model Y Vehicles Delivered).
MetricGroup	String	General category of the KPI metric. (e.g Tesla Vehicles Delivered referring to the number of cars delivered to customer)

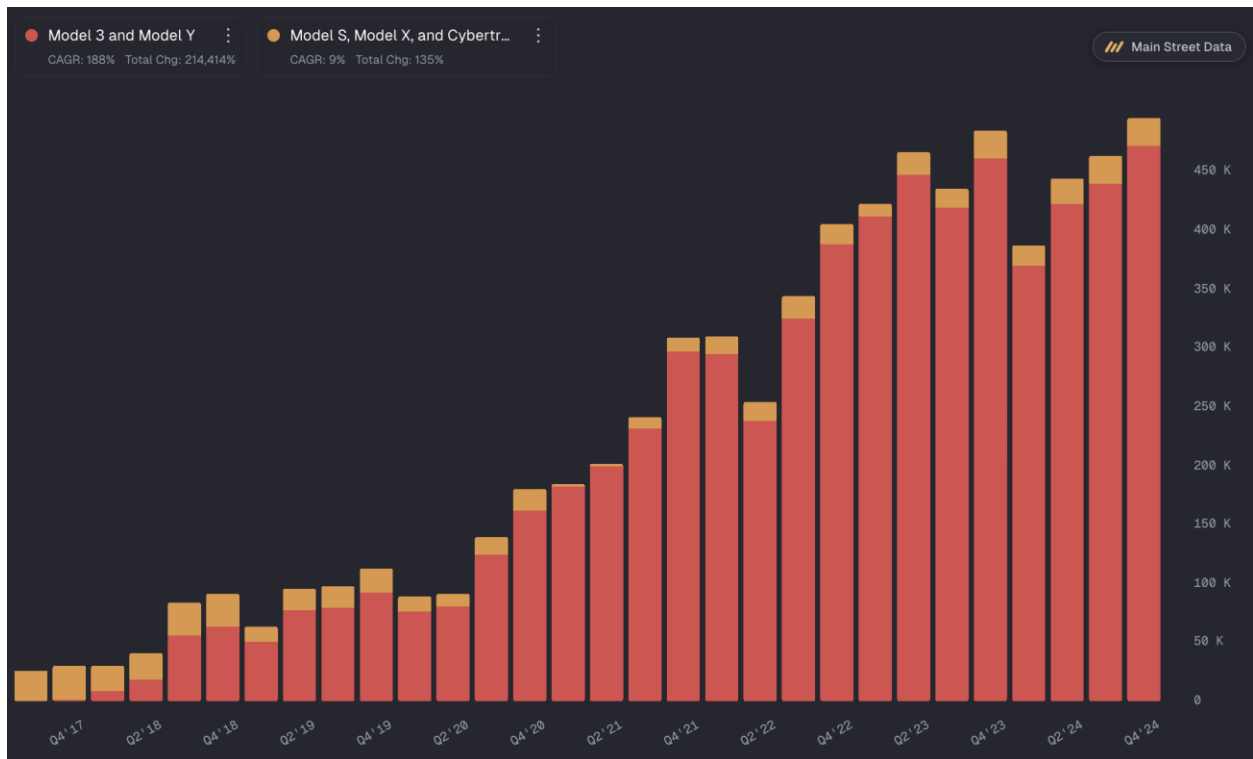

## Popular Metrics

META Family Daily Active Users  
NVDA Operating Income by Segment  
SPOT Premium Users  
PLTR Total Customers  
AWS Performance Obligations  
AAPL Global Active Devices  
SOFI Contribution Profit by Segment  
SQ Gross Payment Volume  
SHOP Monthly Recurring Revenue  
HIMS Subscriptions  
HOOD Assets Under Custody

## Ticker Example: TSLA

Vehicles Delivered by Model  
Energy Storage Deployed  
Supercharger Stations  
Stores and Service Locations  
Mobile Service Fleet  
Vehicle Inventory Days of Supply  
MSRP by Base Model  
Revenue by Segment  
Revenue by Geography  
Per Vehicle Returns  
Gross Profit by Segment  
Gross Margin by Segment  
Operating Expense Breakdown
